A READING CHALLENGE

By reading more complex books, your child can learn new words, facts, and ideas. He'll also be exposed to more complicated plots and will grow as a reader. Share these suggestions:

- Knowing something about the topic or setting makes a tougher book easier to comprehend. If your youngster is reading a novel set in another country, he could talk to someone who has been there or look up the country online. (try a site like kids.nationalgeographic.com)
- Encourage your child to look at a simpler book on the same subject. A picture-book biography about Harriet Tubman may help your youngster better understand a textbook chapter on the civil rights movement, for instance.

Suggest that your child read complicated material with pencil and paper in hand. He or she can job down questions, words to look up, or facts they want to learn more about.

Virtual Learning: Tips for Attendance!

While it is vitally important to attend and participate in our live sessions, it is equally important to complete the online assignments. In the course of each subject and every module there is a daily off-line tracker. This tracker should be completed using the time it takes to complete assignments such as:

- ✓ Uploaded worksheets
- ✓ Self-directed practice time using flash cards
- ✓ Independent Reading
- ✓ Practicing Math Facts
- ✓ Journal Writing of required readings

These off-line trackers combined with attending all Live Sessions will give your child the time required each day for your child's attendance.

After-school Questions

Asking "How was school today?" might not get you far. Instead, ask questions like these for a better picture of your youngster's day:

- What's the coolest thing that happened today?
- Pretend you're the teacher. How would you describe the day?
- What made you laugh?
- What was the most creative thing you did today?
- How were you kind or helpful today? How was someone kind or helpful to you?
